ESTX offers a long-term fundraising program built in **collaboration** with our member organizations through effective outreach to their volunteers, boards of directors and public supporters.

ESTX is **committed** to recruiting new organizations that assist in building our statewide workplace fundraising organization for environmental and conservation charities.  - Facebook
 - Twitter
 - Instagram
 - Newsletter
 - Total followers

- Description of your organization’s efforts to implement principles of diversity, equity and inclusion, both in your board and staff, and in your program work, if any.

PLEASE SUBMIT ONE COPY OF EACH OF THE FOLLOWING:

- IRS form 990 from the previous two years.

Notes about the 990:

- As required by many of our campaigns, you must use the 990 long form. If an organization has been using the FORM 990 EZ, the most recent 990 would need to be amended and filed on the 990 long form. The organization would commit to using the IRS 990 long form for future filing.
- The most recent 990 must cover a period ending no earlier than June 30, 2021.
- The 990s must be signed by an officer of your organization.
- The most recent 990 must include Schedule A and Supplemental Statements, even if those pages of your 990 are blank.
- You must submit a 990 even if your organization is too small to reach the IRS threshold.

- To qualify for state and federal campaigns, you must use the accrual method of accounting and your accounting must conform to generally accepted accounting practices.
- Your administrative percentage must be 25.00 or lower. If your administrative percentage is 25.01 percent or higher, (see below for calculation instructions) you will not qualify for the State of Texas Employee Charitable Campaign or many of the other public sector campaigns. Therefore, we will be unable to effectively fundraise on your behalf and your application will automatically be rejected by EarthShare Texas.

The administrative percentage is calculated from your 990 as follows:

Add the amount in Part IX (Statement of Functional Expenses), Line 25, Column C (Management and General Expenses) to the amount in Line 25, Column D (Fundraising Expenses), and divide the sum by Part VIII (Statement of Revenue), Line 12, Column A (Total Revenue). No other method may be used to calculate this percentage.

- For organizations with operating budgets of \$250,000 or greater, two of your most recent audits using the accrual method of accounting are required.

OR

- For organizations with an operating budget under \$250,000, two of your most recent CPA reviews are required. (The most recent audit or CPA review must cover the same period as your most recent 990. Revenue and expense figures must match the 990, or you must have those figures reconciled by your CPA – either in a separate letter or on Page 4 of Schedule D of the IRS form 990.)
- IRS letter of determination of 501(c)(3) status – pending is not acceptable. Your organization's name on the 501(c)(3) letter must match exactly the name on the Secretary of State letter or you must include your Assumed Name Certificate or DBA letter.
- Letter from the Secretary of the State of Texas authorizing you to do business in Texas. (Certificate of Incorporation).
- Most recent brochure and/or newsletter and most recent annual report (if your organization publishes an annual report).
- A list of connections your board, staff or volunteers have to public and private sector workplaces that would help ESTX establish new workplace giving campaigns or other fundraising partnerships, or promote ESTX in existing campaigns.

The mission statement, description of program, participation contract, fiscal agent letter, your audit or CPA review and your most recent 990, must be submitted on an annual basis for participation renewal.

Volunteer Points

To keep administrative expenses as low as possible, and to involve participating organizations as much as possible in the mission of EarthShare Texas, organizations are required to volunteer for ESTX. The intent of this policy is to emphasize the three most important functions of the organization: access (corporate partnerships), workplace giving campaign work and outreach and promotion.

The guiding principle for volunteer work is that it should be directed toward the common good of EarthShare Texas. Almost any work that benefits the whole organization is eligible for consideration. Work that benefits only a single organization and no other parts of the EarthShare Texas organization is generally not eligible.

Participating organizations are required to earn 35 points per year.
